

## **We the Patriots USA**

We live in uncertain times. We live in trying times. It seems, at times, that we live in darkness. But as we know, God often brings light to those who are walking in darkness. (See Isaiah 9:2; St. Matthew 4:16.) We aren't God, but a cornerstone of our mission is to come to the aid of those in need. The Patriot Support Network (PSN) was created to support patriots all across the U.S.A. who are in need of legal assistance. Every day God-fearing, freedom-loving Americans are being attacked like never before, often for just voicing a contrary opinion.
